- double wardrobes
- circular hatch to the cockpit

Manufacturer Provided Description

With speeds of 34 knots plus, the Sealine S41 Sports Cruiser has taken cruising into the new millennium. The cavernous self-draining cockpit is designed on two levels. The lower level offers seating, sunbed, wetbar, optional fridge and barbecue, dedicated liferaft locker, and access to the engine compartment. The upper deck seats at least seven and with the copilot seat folded down, there is additional seating around the table. The helm seats offer storage for the optional portable cool box and have a sit / stand facility for optimum comfort. Above the cockpit is the Sealine solar protection system (SPS): an integral Bimini incorporating an electrically-operated sliding roof. A two-part canopy completely encloses the cockpit. The canopy and the cockpit table are stored inside the Bimini. The saloon features U-shaped seating that is convertible to an additional double berth, plus a dining table and a concealed stool. A fully equipped galley with hob, oven / grill, large fridge, and split sinks is finished with Corian worktops. The forward double cabin is complete with en suite toilet / shower, excellent storage and hanging space, and a vanity unit. The aft double cabin has the built-in choice of a large double berth or two large singles, en suite toilet / shower, dressing table, seating area,

double wardrobes, and a circular hatch to the cockpit - a true master cabin. Well-laid out deck fittings, strategically- positioned handrails, heavy duty stainless steel windscreen and porthole frames, a large teak-laid bathing platform, and provision for a passerelle / dinghy crane or davits, ensure that quality cruising could not be easier than on the S41.

Exclusions

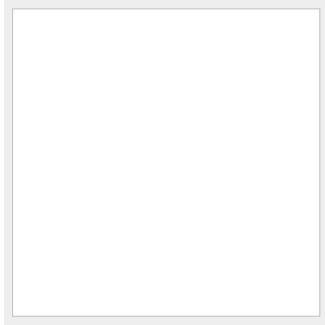

Owner's personal belongings.
