- 2mm thickness 316 S/S water tank w/ sight gauge
- Sea Recovery 900G/Day water maker w/auto fresh water flush operation, PH Neutralizer, UV sterilizer and Commercial Pre- filter
- Seagull™ water purifier (ADEX design award winner w/ filtration to 0.1 microns & EPA certification for microbiological purification)
- Fresh water outlet with hose for engines & generators
- Fresh water wash down, at bow & stern & boat deck
- Dockside water connection
- Two 40-gallon water heater with high density fiberglass insulation w/ high efficiency heating element

FUEL SYSTEM

- 4.5mm thickness 5052 Aluminum fuel tanks with sight gauges and tested to International Standards 33CFR 510(a) w/ high and low fuel level alarm system
- Dual Racor® fuel/water separator with Y-valves for engine & generator
- Both side fillers for fuel tanks
- Gulfcoast™ Fuel polishing system based on US Military Abrahams-M1 Tank design
- Fuel system with venting and “catchment system” designed for burps or overflow accidents

HOLDING TANK SYSTEM

- ECOMar™ waste treatment system (600Gal/day)

GENERATOR & ELECTRICAL

- (2) Kohler® 32 KW genset includes remainder of 5 year/2,000 hour warranty
- Both with generator exhausts feature underwater
- Generator set resiliently mounted and installed with sound shield & vibration dampener

- Heavy-duty batteries
- Battery paralleling system with control switch
- Service battery switch
- Engine battery isolation switches

AC / DC SYSTEM

- All primary AC & DC electrical wiring is appropriately labeled throughout the yacht
- 24 Volt system
- Octoplex NMEA 2000 electrical control system. Based on aerospace technology for remote activation, control and status reporting of all AC and DC breakers. Monitors all power sources (AC and DC) for voltage, frequency and amperage abnormalities and provide visual and audio alerts. Includes enhanced circuit breaker functionality with no-load indication, dimming and usage information with touch screen monitors that are user reconfigurable. Brown-out configurable control through auto load shedding is included where operator designated equipment (e.g. navigation and other essential systems) remains powered-on while automatically switching other systems off. Octoplex NMEA 2000 Vessel system monitor system. Provides main access doors, tank level, bilge level and battery monitoring of current, voltage and temp.

N2KVIEW SAFETY & SECURITY MONITORING

- These security/safety automatic monitoring and alert abilities include using Apple iPad or Android for remote access to operate, view, and alarm Octoplex data and navigation system with a fully customizable screen layout, and remote notification (cell phone) accessibility.
- These monitoring abilities include: Main Engines and Generators, AC Monitoring, DC House Bank Battery Monitoring, Engine Room Weather-tight Bulkhead Doors, Tank Levels, Fire System, Bilge Level (High-water), Exterior Door Sensors

AIR CONDITIONING

- Cruisair® compressors for central air conditioning and reverse cycle capable for operation down to 40 degrees
- Cruise Air Deluxe package (IBEX award winning air purifier)
- Flybridge air condition 24,000 BTU
- Where possible A/C exits from custom made ceiling panels hidden from view

NAVIGATION

- Garmin 8500 Series Black Box with 19" Touch screen (Two screens lower station, Two screens upper station)
- Garmin GRID remote input device installed on helm chair
- Garmin 12KW Open Array Radar
- Garmin Autopilot GHC20

- Garmin VHF and Card Reader
- Garmin Blackbox sounder
- Garmin AIS with NMEA GPS
- Garmin MI 20 Digital Marine Multi-display
- Garmin Marine Camera (2 in engine room and 1 aft deck)
- Maretron GPS200 GPS/WAAS
- KVH TracVision HD7 for DIRECTTV® HDTV
- Axis Marine Camera in Engine Room (2x) and Aft Deck (1x)
- UPS electrical protection for navigation computer
- DIRECTTV® receiver
- Ritchie Compass 5"
