SPECIFICATIONS

Overview

The 2010 Sea Ray 260 Sundeck is the perfect boat for kicking back and cruising in. Designed with family fun in mind, this boat has pulled out all the stops. There is plenty of storage room so you can pack up and have a full day of fun on the water. Sea Ray is known for its quality boats and the good times people have on them, this boat is the epitome of it all!

260 Sundeck is equipped with an array of comfort-enhancing features and designed for precision performance. It also boasts an impressive 12-passenger capacity. Premium touches like plush upholstery, hand-stitched paneling and chrome bezels lend stylish luxury, while cutting-edge MerCruiser sterndrive technology ensures a smooth, quiet ride, even at full speed.

The 260 Sundeck's wraparound windshield is just like the one you'll find on Sea Ray's Sundecks, constructed of tempered and tinted glass. There's a fiberglass bow block-off door below this windshield to limit air flow into the cockpit while the vessel is underway. This is another feature you won't find on too many deck boats this size. For those who crave the wind-in-their-hair freedom that bow riders provide, the 260 Sundeck offers everything you need!

Basic Information

Category: Cruiser

Model Year: 2010

Year Built: 2010

Country: United States

Cockpit: Yes

Dimensions

LOA: 26' 0" (7.92m)

Hull and Deck Information
