# DETAILED INFORMATION

---

## Vessel Information

---

With the trademark WIDER expanding cockpit, the WIDER 42 offers double the surface area of a conventional 42-footer. Opening up at the push of a button – the process takes just 12 seconds – expanding amidships to provide a deck space of 18m<sup>2</sup> when at anchor. **Performance**

Combining high performance with low fuel consumption, the WIDER 42 is equipped with twin 480hp Cummins engines which drive her to over 50 knots – an impressive speed for a 42' cruising yacht.

These performance figures are largely due to the stepped hull, designed by offshore racing specialist Mark Wilson, as well as Arneson surface drive propellers. 70% of the WIDER 42 is made of carbon in order to achieve a relatively light displacement and excellent power to weight ratio. As a result, the WIDER 42 offers enhanced efficiency and has a greater range than other yachts in its size category.

The heart of the yacht can transform to fulfill a number of different functions. The lunchtime dinette, built entirely in carbon fibre can quickly be turned either into a comfortable sundeck or smart chaise lounge.

The lightweight central carbon fiber stairway leads to the bow, where those aboard can enjoy the sun while relaxing on large sun pads. The lines of the handrail follows those of the sliding crystal door.

The deck is furnished with a C-shaped seating area that can be converted into a large double bed. Opposite this is a flat screen LED TV. The head has a crystal shower unit, a glass washbasin and carbon toilet.

The kitchen area has a worktop with a sink and single ceramic burner, which can be fitted with a microwave if desired. A double drawer fridge unit with freezer can be also be added on request.

- UPGRADE GENERATOR FROM MASE TO KHOLER
- SURF-DRIVES JUST SERVICED 04/17
- ENGINES JUST SERVICED 04/17

## HULL AND DECK

- Forepeak access hatch with lock
- Light mast in composite on T-Top
- Compartment for self inflating life raft for 6 pax (n.1) on the main deck
- Retractable Bruce anchor 10 Kg. with lock (n. 1)

- Retractable fender cleats in S.S. (nr. 4)
- Mooring cleats in S.S. (n. 4)
- Fuel/Water filling cap chrome (n. 1)
- Black water suction/discharge cap chrome (n. 1)
- Rub rail profile in high resistance rubber profile
- Galvanized anchor chain 50 mt. Ø 6 mm
- LED navigation lights
- Cockpit flooring with pre-preg carbon sandwich panels with colored finish antiskid microspheres
- Hatch, flush deck mounted
- Sliding door in L.A. and tempered glass with lock
- Engine room access with hatch
- Foredeck sun bed with cushions
- Anchor sled fitting in S.S.
- Manually removable, folding swim ladder in L.A. anodized and painted
- T-top in pre-preg carbon fiber/carbon look and integrated LED lighting
- Deck handrails in pre-preg carbon fiber/carbon look (n. 2)
- 800 W dual control electric windlass

## HELM

- Acoustic alarm for electrical components movement (hangar, terraces and table in the cockpit)
- Waterproof stereo speakers Ø 165 mm (n. 2)
- GPS antenna
- VHF antenna
- Horn
- 3" magnetic compass
- 12" touch screen chart plotter "Garmin" (cartography chip not included)
- Start/stop engine keys
- Security fuel cut off valve
- Engine room fire extinguisher emergency switch
- Composite dashboard for navigation instruments, switches and warning lights
- Bow thruster joystick
- Electronic throttle control with syncro system
- Echo-digital unit interfaced with the chart plotter
- Plexiglas windshield
- 12 V plug
- Digital VHF radio "Garmin"
- Outside/engine room temperature sensor
- Glove compartment
- Steering wheel with integrated multifunction touch screen panel IP65

## COCKPIT

- Sideways access on starboard
- Aft access retractable gates (n. 2)
- Side safety terraces gates in pre-preg carbon fiber/carbon look (n. 4)
- “C” dinette in pre-preg carbon fiber/carbon look, convertible into sun pad with cushions and lateral handrails
- Fire extinguisher Kg. 1 (n. 1)
- Side lockers for fenders and swim ladder, with elastic nets
- Icebox 50 lt. in the composite furniture
- Composite furniture with sink and storage lockers
- Aft sun Pad with cushions, according to the version
- Central stairway in pre-preg carbon/carbon look with removable stanchions
- Driving seats in pre-preg carbon/carbon look
- External telescopic folding table in pre-preg carbon/carbon look with electric movement
- Bimini top with pre-preg carbon/carbon look poles with adjustable tie rods
- Extractable side terraces with independent automatic and manual sliding system (n. 2)
- Side handrail on terraces/T-top in pre-preg carbon/carbon look (n. 2)

## DINETTE

- Stereo speakers (n. 2)
- Composite sofa base
- Leather bags (n. 4) with “Easyfix” system
- Leather suit holder (n. 1) with “Easyfix” system
- Convertible leather sofa
- Fire extinguisher 1 Kg. (n. 1)
- Fixed tempered glass window at the sides (n. 2)
- Fridge 100lt. with freezer
- LED lighting throughout cabin
- LED lighting under lockers
- Light switches (n. 3)
- Galley furniture with round stainless steel sink and single ceramic hot plate
- Galley furniture with cupboard
- Topsides with matt fiber finishing
- Bulkhead with lacquered paint finish
- Dinette access through pre-preg carbon fiber/carbon look stairway
- Sinto-amplifier Hi-Fi system with CD player

## MASTER HEAD

- Clothes hook (n. 1)
- Shower box with door in tempered crystal

- Waterproof ceiling lamps (n. 2)
- Automatic air extractor unit
- Light switch (n. 1)
- Shower tab with mixer
- White lacquered furniture with round temperate glass washbasin and combined tab
- Teak finish flooring
- Cupboard with doors and mirror
- Composite with teak finish floor shower plate
- Toilet paper roll holder
- Towel holder
- WC brush holder
- Ceramic electric toilet 24V - freshwater operating

## **ELECTRICAL**

- Generator starter AGM battery, 55 Ah (n. 1)
- Engines starter AGM batteries, 55 Ah (n. 2)
- Service AGM batteries 105 Ah (n. 4)
- Automatic battery charger for "Mastervolt" inverter 24/2500/60
- Air compressor
- Ground insulation with copper plait
- Parallel on batteries engines/services
- 32 Ah shore plug (n. 1) with power supply cable 15 mt.
- 220 V socket (1 per room )
- Galvanic protection with zincs
- Switch board junction box in the engine room with breakers
- Integrated "Naviop" monitoring and control system on a Can-Bus network
- Battery cut-off switches

## **Voltage measuring instruments, 24V/220V**

---

## **Exclusions**

Owner's personal belongings.
