SPECIFICATIONS

Overview

"Heavy Lift" is a very clean and well cared for 2002 Cabo 47 that is powered by twin MAN 800 HP Diesels with 1900 original hours. The engines have just undergone a complete 1000 hr service. The boat was completely awl-gripped in 2013 and all hardware was removed and rebedded at that time. Within the last several months the boat has been hauled, bottom painted, running gear with prop speed and dripless stuffing boxes installed. Windows were rebedded, new Isinglass on bridge, new window treatments in salon and new Led smart TV's throughout the boat.

The Cabo 47 has one of the largest cockpits in this size range with great interior accommodations in a two stateroom, two head layout.

Call today for a showing of this very clean well equipped 47 Cabo.
