Manufacturer Provided Description

The midrange cruising class can be a challenge. Either you don't get all the cruising features and amenities you want, or you lose valuable space on board. That is, until Meridian Yachts started a revolution with its 368 Motoryacht. This impressive yacht boasts standard features you won't find on any other yacht in her class, and her efficient use of space means that you will have everything you need without compromising cruising comfort. The 368 features innerspring pillowtop mattress in both her full-size master stateroom with queen-size berth and guest stateroom with large island berth. She also has two large heads with separate showers and private access to the staterooms. And her galley is state-of-art, with amenities such as a

generous refrigerator/freezer, recessed two-burner cooktop and generous storage space. But that's not all. The salon features plush cut-pile carpeting, premium gloss cherry wood finish and a distinctive new salon table. The 368 also features underwater exhaust and several Northstar navigation and communications systems. This is simply the best in midsize motoryacht design.

Engine Notes

Cummins gas and Cummins MerCruiser diesel also available.
