## Brokers Comments

---

There is nothing built today like this classic Rybovich express. She features a solid dry ride with a massive cockpit, exceptional visibility with legendary sea keeping ability. Nothing on the water compares with her good looks, fish ability and gorgeous soft lines. Blue is a buying opportunity for anyone considering building new or has ever dreamt of restoring a classic Florida custom sportfish. There are only three of these classic vessels in existence, to replace her now would cost easily over \$2 Million if she could be built.

Call the listing broker direct to discuss this exceptional buying opportunity.
