Overview

GORGEOUS HYDRA-SPORTS 2100 CC

This 2011 has been meticulously maintained with a Yamaha 225 and all the features needed to handle any fishing needs. Hardtop, live well, pristine canvas and glass, tons of rod holders, Garmin electronics, engine gauges, Auto Pilot, Load-Rite trailer. Fusion stereo.

Boat Test has this to say about the 2011...

The 2100 CC is the smallest boat that Hydra-Sports makes, but she is perhaps the largest boat in the 21' center console class. Hydra-Sports recognizes that just because its 2100 is shorter than the rest of the boats in its line, the seas she will encounter are no smaller. Because the waves are no shorter when it breezes up, anglers in most small boats have a choice between waiting for a calmer day or risking a wet ride. The Hydra-Sports 2100 CC is a premium boat designed to be able to go when others should stay at home.

Made in the USA by Mastercraft, and the quality that comes with it, in the water in Baltimore and easy to see. [CHECK OUT THE YOU TUBE VIDEO LINK](#)

DETAILED INFORMATION

Manufacturer Provided Description

The incredibly spacious 2100 CC schools other fish boats on how to get it right. What other boats offer as options it provides as standard equipment. And the 2100 CC gives you room to move, with expansive sure-footed casting decks. It also may own the tallest free-board among all competitors, and serves up a host of great options.
