The Magellano yacht is the reinterpretation of traditional Italian trawler boats, offering supreme cruising comfort even at low speeds and the freedom to go at higher speeds when necessary. Azimut packed a lot of smart features inside the 76' Magellano, giving this yacht plenty of substance for owners who want to cruise well beyond the next port in style and comfort.

Dual Mode Hull

Smooth and sturdy, the unique dual mode hull ensures comfortable navigation and excellent seakeeping even in rough sea conditions. The semi-displacement hull shape with a round bilge along the centerline, broad hard chines, central skeg, and a vertical bow that pushes the waves aside rather than skipping across their tops will ensure a comfortable ride in all sea conditions.
