SPECIFICATIONS

Overview

Phoenix is a 2001 42' Silverton in very nice condition. She offers twin Cummins 370 hp main engines, Kohler 8 kW generator, bowthruster, molded-in steps from the cockpit to the flybridge, a very popular interior layout and a satellite TV system. Her sellers are just too busy at work to use her as much as they would like and they are two boat owners, so it is time to reduce the size of the fleet. Phoenix is Great Loop capable.
