SPECIFICATIONS

Overview

Out Showroom Condition Inside &

If you're looking for a high quality yacht, which needs nothing in the short term, but passengers to enjoy it, look no further. The 48 is built on a solid fiberglass modified-V hull, and her relatively wide beam- combined with a full-width salon- delivers a spacious and wide-open interior whose dimensions rival those of a much larger boat. The light ash interior and large cabin windows only add to the overall impression of interior space. Visibility from the raised helm is excellent for piloting in inclement weather. The bow thruster aids in docking in high winds and current. She is immediately ready to cruise to the Bahamas, explore the Great Loop, or live-a-board. This floating luxury vessel includes 2 spacious staterooms each with their own heads and separate showers. Ice cold 4 zone AC provides individually controlled comfort in each area. This yacht has been meticulously maintained by its owners via a philosophy of preventative maintenance vs. after the issue repair. One example of this is: the twin Cummins 450hp have gotten the 1600 hour major service at 1200 hours. Many recent additions include: battery charger, engine batteries, house batteries, Bimini top, and navigation computer with Noble Tec software. The oversized inverter means electricity to power the Subzero refrigerators, salon TV and Pilot House Outlets, without needing to always run generator while at anchor. A second water storage tank provides ample water for longer cruises. A new WiFi repeater means the vessel is able to reach distant hot spots in the marina or on the hook. Westmar computer stabilizer add to the comfort of this elegant yacht. This yacht is ready to go on the overall condition must be seen to be appreciated! Listing Broker Captain Charles, is ready to show her off at your convenience.
