SPECIFICATIONS

Overview

A professional crew has maintained Aquarius S since new without a fixed budget. AQUARIUS-S is without a doubt the finest and best maintained Falcon in this size range available and she has benefited greatly from a thorough refit to her interior with use of fabrics to lighten the much darker original fit-out Aquarius S has an excellent layout for different ownership options and structures: As an owners yacht with two other luxurious VIP cabins for friends - who will feel very well looked after - and their families. As a charter vessel with essentially three equal VIP cabins plus two twin cabins. As a fractional ownership vessel due to the three equal owners cabins She is offered for sale with full management and charter income should the new owners wish. Further information: The 106 offers 80cm more beam than the smaller 100' Falcon, giving 20% extra volume which when considered over the three levels totals 60% more volume. The Falcon 106 has similar interior volume and beam as the Falcon 115. The Falcon 115 has a larger aft deck and a larger swim platform. A new Falcon 115, with the extensive equipment list of Aquarius S, costs approximately EUR 8.6m.

DETAILED INFORMATION

Overview of the vessel

A professional crew has maintained Aquarius S without a fixed budget. AQUARIUS-S is without a doubt the finest and best maintained Falcon in this size range available. Aquarius S has an excellent layout with one master cabin, two beamy VIP cabins and two twin cabins. The 106 offers 80cm more beam than the smaller 100' Falcon, which results into about one fifth extra volume that is very noticeable throughout the yacht. The Falcon 106 has similar interior volume and beam as the Falcon 115. The Falcon 115 has a larger aft deck and a larger swim platform. A new Falcon 115, with the extensive equipment list of Aquarius S, costs approximately EUR 8.6m.
