SPECIFICATIONS

Overview

Cheoy Lee 46 Trawler has the distinction of being the smallest double-deck production yacht ever built. She's constructed on a solid fiberglass displacement hull with a keel deep enough to protect the running gear in the event of a grounding. Her twin-level floorplan is arranged with the galley on the deckhouse level and three staterooms below. Because the beam is moderate and the side decks are wide, the salon dimensions are fairly compact for a 46-foot yacht. Aft in the salon is a staircase leading down to the master stateroom with its centerline queen berth and direct access to the standup engine room. The large amidships VIP stateroom is nearly equal to the master stateroom in size and comfort, and the single forward head compartment serves both the amidships and bow staterooms. Other features include a full teak interior, a wheelhouse, teak decks and cabintop, a functional mast and boom assembly, and an aft deck hardtop. The only engines offered in the Cheoy Lee 46 were twin 120hp Lehman diesels. She'll cruise economically at 7-8 knots with a range of 800-850 nautical miles. Cheoy Lee has been boatbuilding since 1936. Cheoy Lee maintains a service and commissioning yard on the new river in Fort Lauderdale. Very roomy 3 stateroom yacht with 2 large staterooms with island queens. This vessel has a very spacious STANDUP ENGINE ROOM!! Would make a nice liveaboard. Cheoy Lee has built nearly 5,000 vessels to date. Current owner has made many recent upgrades. Tender is included.

The good looks of a sturdy little ship. This stabilized long-range cruiser has three staterooms, a full width stand up engine room, is galley up and a separate pilothouse with great visibility. Built on a solid fiberglass hull with a deep protecting keel, she is ready to go for 1500 miles with full tanks at an economical 4 gph, and has plenty of room for live-aboards. A large flybridge, wide walk-around decks, and ample aft deck space. Trimmed throughout in gorgeous satin finished teak, accented by white walls and headliners, with teak strips overhead. This yacht is a beautiful example of the traditional nautical look. Well cared for, many recent upgrades, absolutely worth a look.

Accommodations Three large, comfortable staterooms; Master aft, Guest midships and Forward V berth. Two full baths with Raritan manual heads. Rich wood cabinetry, hanging lockers, parquet teak sole, stereos and prism deck lights accent each cabin.

Master features centered queen, built-in settee & desk with chair. VIP stateroom with queen sized berth, lockers, settee and vanity seating.

Salon with new leather swivel chairs and bamboo window treatments that underscore the serene ambience aboard this trawler. New Stereo, TV and DVD player. Carpet over teak parquet flooring. Separate dining area & table.

4 zone reverse cycle AC throughout vessel
