**Max Draft:** 5' 6" (1.68m)

## Speed, Capacities and Weight

---

**Cruise Speed:** 8 Kts. (9 MPH)

**Max Speed:** 8 Kts. (9 MPH)

**Displacement:** 26000 Pounds

**Water Capacity:** 185 Gallons

**Fuel Capacity:** 100 Gallons

## Accommodations

---

**Total Cabins:** 3

**Total Heads:** 2

## Hull and Deck Information

---

**Hull Material:** Fiberglass

---

## Engine Information

---

**Manufacturer:** Yanmar

**Model:** 4JH3TE

**Engine Type:** Inboard

**Fuel Type:** Diesel

---

# DETAILED INFORMATION

---

---

## Accommodations, Furnishings and Layout

---

The vessel is easily boarded at either the port or starboard midship gates or by water through the transom rail. The swim platform provides great access to the tender or to a sea wall by removing the davit central support bracket. The expansive cockpit with central helm has seating all the way around for a large party. The flip up table provides dining for several couples. The S/S Arch with forward and aft Bimini provides abundant shade. The captain and crew will have an unobstructed 360 view of this voyage. The nonskid deck with safety rails give quick access forward and aft.

Nine Lewmar deck hatches give wonderful ventilation below while at anchor. A Lewmar Anchor windlass makes anchoring a breeze. The forward and aft Bimini's can be dropped down easily to allow for cruising or dining under the stars.

A large sliding deck hatch with sectional cabin door slats makes for easy access to the cabin. There is a stainless steel ladder with teak accent steps and S/S hand rails which leads you into the well appointed Salon. Immediately to port is the appointed Galley. The cabinets are teak and the countertops are Corian. Some features include cold plate refrigeration, stainless steel double sink, gas stove & burners, microwave, and abundant storage. Forward of the Galley is a U shaped dinette with a teak pedestal table. The entire cabin overhead is finished in a light colored fiberglass shell and the sole is Teak & Holly. Across the Salon to starboard forward is a double bench seat with cabinets all around. Immediately aft is the navigation station with chart desk, AC & DC distribution panel, VHF Radio, and numerous electrical monitors.

All the way forward is the Master stateroom with Island Queen berth. There are numerous cabinets and hanging lockers. On the port side of the cabin there is an enclosed head with electric head, sink, mirror, shelves, cabinets, and deck hatch. Across to starboard is the enclosed shower with drop down seat and deck hatch.

Below the main cabin stair case is the Yanmar Engine compartment. The ladder is easily removed along with several removable hatches which allow quick access to all sides of the engine. The generator is behind the main and can be reached through a large hatch in the starboard aft stateroom.

Across from the galley to starboard is the guest head. Highlights include electric head, sink, mirror, storage porthole, and enclosed shower.

The port aft cabin has a double berth. There are several portholes, deck hatch, hanging locker, fan, and access to the generator.

The starboard aft cabin has a double berth and a separate access to the guest head. Other items include three portholes, teak cabinets, reading light, and fan.

---

## Galley and Laundry

---

- Water Heater
- Water System: Pressure
- Adier Barbour Refrigeration and Freezer
- Origo Microwave
- Force 10 3-Burner Stove Top and Oven "LPG"
- 6 Cabinets
