SPECIFICATIONS

Overview

See now or forever hold your peace! Prairie Coastal Cruisers are few and far between, so you may not get another opportunity like this. Reminiscent of a Monk or Grand Banks Classic, but with so much more! Its 13' 9" beam affords more living space than you would expect in a 40' boat, in an easy to drive, economical 36' format. The current owners traveled 7765 miles with only \$6,838 in fuel costs – including running the generator! With bridge clearance as low as 16 feet (20' with the mast up), you can cruise the entire Great Loop -- Trawler Life already has!

Both cabins have double berths and full heads with showers (the master even has a tub), with a generous storage closet so there's no more using your guest cabin as the attic! The light and open galley-up format keeps the cook part of the party. With step-on/step-off boarding access, Trawler Life is easy on the knees. The aft deck is covered, railed, and screened for shade, safety, and privacy. And the flybridge is spacious and easily accessible. No climbing ladders to have lunch on the fly!

Rarely does a boat "have it all" like this one does. The thoughtfulness of design, combined with the personalized and resourceful touches added by the owner, makes Trawler Life a perfect boat for spending lots of time on board without giving up the comforts of home.
