DETAILED INFORMATION

Vessel Description

From the industry's leading innovator comes a model four years in the making. Designed in conjunction with world renowned naval architect Michael Peters. Infused with Scout ingenuity. High performance married with agility.

Powered by Yamaha's latest technological breakthrough. And attractive lines that will turn every head on the water. Top speed of 50+ mph / 45+ knots. Extremely fuel efficient with an estimated range of 450 miles.

Massive fishing area. Comfortably sleeps five. A one-of-a-kind systems room that rivals engine rooms on multi-million dollar sportfishers. And exotic wood interior that's never been seen before on a 35' model.
