SPECIFICATIONS

Overview

1983 49' Grand Banks Trawler "Barracuda" The 49 Grand Banks is an international classic. This is the ideal size trawler that gives enough room and economy for almost everyone. The 49 GB classic has a large salon with side doors and lower station. The master stateroom is full beam aft with a back door that has an awning on its exterior. There are two staterooms forward with a head. The flybridge is very large and lengthy. All new canvas (July 2017) has been done and includes a Bimini and enclosure, front windshield cover and the aft awning, plus a few other areas that were covered by canvas prior. The engine room is rather large as has plenty of height which allows maneuverability. The engine room stows the washer dryer unit. The bottom has been soda blasted and properly prepped with a few applications of barrier coat. A great live aboard, if you are in the market for a trawler, Barracuda is one to see!!

Basic Information

Category: Trawler

Model Year: 1983

Year Built: 1983

Country: United States
