Overview

Luxury Open Yacht Itama 75 now seriously for Sale

A design with extraordinary living environments and use of space: an innovative approach that achieves a greater differentiation and functional improvement, whilst maintaining the extremely exclusive finish of this type of boat. The final result is an extremely seductive design and decidedly exclusive features. One of the unique features will be the avantop: a carbon fibre and glass sliding top that will, in a few seconds, close off and protect the whole front of the cockpit, even whilst cruising.

Even the classic windshield has been revised by replacing the steel frame with a new carbon fibre tubular construction. The external line highlights the hull's powerful capabilities. The sporting soul of this open is perfectly expressed with the very high bow, the accentuated bilge of the profile and the thin rake of the central top.

The cockpit, almost 10 metres long, is divided into 4 zones and it includes a second dinette, forward of the bridge, in order to fully exploit the privacy and improve the living area, accentuated by fascinating lighting systems using leds and optical fibres.

Sleek styling, exceptional performance and superior comfort: the unmistakably sporty profile of **M/Y H-BOAT** oozes unrivalled technology, livability and class. Created for true open yachting enthusiasts. The flagship of the Itama fleet offers open-air yachting enthusiasts unprecedented space: from the elegant and generously-sized cockpit, to the inviting lounge area beyond the helm station, and the large sundeck on the bow.

Twin 1823 hp MTU engines with Arneson drives achieve a top speed of 42 knots. The interiors offer wonderful livability, thanks to a galley equipped with every amenity and a spacious dinette furnished with a comfortable L-shaped sofa and extending table. Room for comfort: refined and inviting interiors, with layouts designed to offer maximum livability and privacy on board. The chaise longue in the master cabin for relaxing while appreciating the sea view, capacious wardrobes, and elegant finishes, all enveloped in a warm atmosphere set off by precious woods and luxurious details, turn this yacht into a luxury home on the water. **M/Y H-BOAT** offers three cabins in two double and one twin all with ensuite bathrooms.
