Overview

2001 61' Viking Convertible "LEAP YEAR"

The 61 Viking Convertible was the most sought after model that Viking ever built; building more than 150 models in a five year span. The 61 Convertible came out in both three and four stateroom layouts. Leap Year was built by a very savvy and experienced Viking owner and has the four stateroom configuration and an array of Sportfishing options needed for offshore anglers. Since then, she has been well cared for and the current owner is ready to move on to another Viking. New to the market and seriously for sale! Recent price reduction!!
