## Broker Comments

---

NOT FOR SALE TO US REIDENTS WHILE IN US WATERS This 68' Azimut Evolution is in excellent condition! With only just over 500 hours on her main engines, and on her gens, she has had very little use. She is absolutely loaded with options including Bow and Stern Thrusters, Zenta Joystick Controls, Water Maker, Second Generator, Sea Keeper Gyro's, Tender With Outboard, Yacht Controller, Davit, Upgraded Hardwood Soles In Salon, and more! This is the nicest 68' Evo on the market! Easy to show in Ft. Lauderdale. A Must see...

## Vessel Walk Through

---

Boarding Vessel from the stern, there is a teak swim platform with courtesy lighting, a deployable swim ladder, and mounting points for a cradle. A watertight door to port gives access to the control room with breaker panels and water maker, crews cabin with over under opposed berths and ensuite head, and engine room. There are pop up cleats mounted in the platform for tender tie up. Stepping up into the cockpit, there is an opening stainless gate and an opening door to stbd that houses two 50 amp shore power inlets and a pressured water deck shower available for swimmers. There is also a control panel located to the port side of the gate for the passerelle which is located in the staircase for stern boarding. The cockpit sole is laid in teak. A white upholstered bench seat is located centrally against the transom with a varnished teak table for dining. There are 6 folding directors chairs available for additional seating. Forward of the dining table is a large opening hatch for engine room access. Double door storage cabinets are located in each aft corner with cleats and electric warping winches above for stern docking. There is a fire hose and circuit breaker panel in the stbd side locker. Boarding doors are located on both sides of the cockpit. A staircase leading to the flybridge is located forward to stbd and there are large opening storage lockers located on each side of the centrally located sliding tinted glass companionway door. The starboard locker houses an icemaker for your favorite cocktails, recessed lights are located overhead, and a Fusion stereo and speakers is available for your listening pleasures. Moving up the 6 tread staircase to the flybridge, there is an opening plexi hatch at the top of the staircase with a stainless railing around the hatch opening. Aft of the hatch is a davit and tender on a cradle as well as a life raft. Forward to port is a circular dinette with table. Forward again is a sunpad and then the upper helm seat and station. Opposite to stbd of the dinette is an opening hatch with stairs down to the salon and just aft is a wetbar with frig, sink, and grill. Above the dinette is a radar arch with recessed lighting below, and domes, horn and antennas above. A bimini top extends forward of the arch to provide shade for the helmsman. The forward area of the flybridge is surrounded by a stainless framed tinted plexi wind screen. Moving up to the foredeck there is a stainless railing with triple nylon coated life lines running bow

to stern. The anchor is located in a chute in the deck with all chain rode hooked to a Lofrans windlass with foot controls. Opening anchor lockers are located on each side of the windlass, and there are large stainless fender baskets located on the port and stbd rails. The decks are laid in teak surrounding the entire boat including the flybridge. An opening hatch is located on the cabin top, with a sunpad behind. Black mesh window covers surround the cabin house on three sides. Moving through the sliding glass doors in the cockpit and into the lower salon, there is a storage cabinet to stbd that houses a refrigerator with bar storage above. To port and stbd are cream colored leather upholstered settees with a decorative glass top coffee table between. Windows with curtains and blinds are located on both sides as well as curtains across the aft sliding glass door. The soles have been upgraded to cherry hardwood in the lower and upper salon. A flatscreen TV is located in a lift to stbd behind the settee with a Sony surround sound entertainment center and sub woofer. Stepping up two steps to the upper salon there is a set of stairs to stbd going up to the flybridge with an opening hatch. Forward of the stairs is the fully equipped galley for preparing your favorite dishes. Opposite to port is a u shaped leather upholstered dinette with storage beneath, and two cherry pedestal coffee tables that utilize a drop in center panel to complete the table for dining. There is a decorative lamp on the cabinet just aft and a storage cabinet just forward with drawers beneath. The sole is upgraded cherry hardwood and there are recessed lights above and beige decorative curtains on the side windows. Forward again to port is the lower helm station with full navigational electronics and controls with a large double glass windshield all the way forward. To stbd is a watertight door giving access to the deck, and a staircase leading below to the guest cabins. Stepping down the stairs to the guest area, the stairs have courtesy lighting for night time and the floors have beige colored carpet throughout. About half way down the stairs is an access to the day head which is also used for the stbd guest cabin. At the bottom of the stairs is a landing area with decorative mirrors on the bulkhead and 4 storage drawers for linens. Forward to stbd is the stbd guest cabin with over under opposed berths and ensuite head. Opposite to port is the second guest cabin with twin berths and ensuite head. All the way forward is the VIP cabin with Queen island berth and ensuite head, and all the way aft is the master cabin with centerline queen berth and ensuite head.
