SPECIFICATIONS

Overview

From a legendary “No Compromise” builder, the 54 Sabre Flybridge model offers a layout that is as practical for day trips as it is for extended cruising. **OUR TIME** has the unique feature of two (2) staterooms and a utility room (gaining critically valuable additional storage and the location of the washer, dryer, etc.). The custom FRP hardtop, Seakeeper stabilizers and auto engaged aft deck sunshade add to the comfort of any cruise. The efficiency of Pod Drives adds to the ease of maneuvering while providing more usable space within the engine room. From stem to stern, **OUR TIME** reflects the best of design and quality of build!
