SPECIFICATIONS

Overview

Purchase a new, select eligible Yamaha Outboard and receive

5 years warranty protection OR \$1,500 in dealer credit

The All New 2018 Jupiter 25 Bay features all the amenities of a traditional bay boat while adding a hybrid functionality with higher gunnels, flush decks, voluminous tournament live wells, and storage that you might expect on larger off-shore center console fish boats. The 25 Bay features all-around versatility with its shallow 14" draft delivering backwater and offshore performance while inviting the occasional family excursion to the sandbar.

The 100 gallons of fuel will provide plenty of range to accommodate your style of fishing, and provides a stable ride with a trailerable 8'6 beam. A choice of factory-installed towers and the ergonomically designed center console provides for dual screen electronics that combine to create an appealing helm area. The standard built-in center console seat will provide dual functionality incorporating a 130 quart cooler under the cushion. When talking performance, the Jupiter 25 Bay cruises efficiently between 30-40 MPH with an optional Yamaha F300 and is capable of attaining speeds of 55 MPH at wide open throttle.

Basic Information

Category: Center Console

Model Year: 2018

Year Built: 2018

Country: United States
