SPECIFICATIONS

Overview

The current owners purchased Savage in January of 2016 after viewing all of the available Beneteau Oceanis 43's coming out of charter. They chose her because of her above average condition, minimal use, and lack of wear and tear.

They are currently building a house on St. John and instead of renting while building they decided to live aboard. Their construction project is coming to an end, and so are their days of cruising the Virgin Islands.

Savage is not your run of the mill beat up ex-charter boat.

They set the yacht up for live aboard comfort. She is a truly turnkey boat for anyone wishing to come live here in the beautiful Virgin Islands.

Some of her key features include:

- 400 Watts of solar panels
- All new heads and plumbing
- New dinghy
- New outboard
- New house batteries
- Permitted mooring ball in St. John, USVI

DYSID:3084995
