SPECIFICATIONS

Overview

Solitaire has to be described as one of the most stunning Oyster yachts ever produced! The attention to every detail demanded by the owner and executed by the builder is breathtaking. From the black clear coated carbon mast and spars, to the beautiful flush hatches and clear decks. The deck is further complemented by carbon steering wheels, custom winches and custom deck fittings; even the winches have custom LED switches.

Once below, you enter an unrivalled interior, which is as beautiful as it is practical and luxurious. The owner and builder have extended the sleek modern lines and clutter-free feel. Details such as custom lighting systems, state of the art entertainment systems, air conditioning, heating, designer taps, even the ventilation system has been considered to further enhance the experience created below decks.

Performance-wise, the 72 is hard to beat. Rob Humphreys has designed a quick, easily driven hull with beautiful lines and yet a rig that is carefully thought out and enables this yacht to be sailed short handed whilst providing quick speeds too.

Solitaire has been built to charter commercially and complies with MCA coding, yet is equally at home being a family yacht.

The owner has absolutely lavished care and attention throughout the build and during his ownership and it is immediately evident once you step on board.

Oyster Brokerage is delighted to market *Solitaire* for sale, and we strongly recommend viewing. You will be impressed!
