DETAILED INFORMATION

Manufacturer Description

In designing the 441 Sedan, Meridian's team of naval architects developed a new hull, deck, bridge and shearline. This design features a more aggressive profile and hull-side windows for the guest stateroom, easier bridge access, better topside accommodations, and more natural light and woodwork in its interior living spaces. The 441's wide-open floor plan ensures smooth flow and unbroken lines of sight between the salon, the yacht's dedicated dinette and the full-service galley. What's more, Meridian has further enhanced its signature integrated two-tier window system to ensure improved visibility from all these interior areas. A lower helm station is available. Plus the 441's impressive two-stateroom, two-head layout provides a gracious master suite, located forward with a queen-size island berth with innerspring pillowtop mattress. The spacious amidship guest stateroom, which spans the yacht's beam, features a double berth, thoughtfully appointed vanity and settee and plenty of storage.
