SPECIFICATIONS

Overview

This gem has often been described as the "sports car" in the Yellowfin line-up. Jaw-dropping speed and agility come together with the highest level of fit-and-finish and construction standards in the industry. Simply creating a boat that outperforms everything in its class, the 32 tracks and cuts waves better than most much larger Center Consoles yet provides handling like what you'd expect from a high-performance Skiff. This near-perfect blending of form and function gives fishermen the ideal platform for chasing everything from striped bass or tarpon along the coast, to blue marlin on the rip, and everything in between! CALL TO INQUIRE!!!
