Engine Type: Outboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Vessel Description

Engine warranty in place until August 2018; Extendable

Never fished -used only for local cruising, varnished bow table and dodger never used, documented vessel, The Surfhunter 25 Center Console is built on the legendary Deep-V hull design originated by renowned naval architects C. Raymond Hunt Associates.

Numerous published sea trials attest to this boat's remarkable comfort, dry ride, easy seakeeping, and rough-water performance. She was specifically designed and engineered to handle three different types of propulsion. Her center console features 6 foot headroom with a shower, sink and head. Sport fishing features include a circulating bait well, ample rod storage and wash down, outriggers, and tackle storage. Like all Hunts, she is personalized to her current original owners liking who had originally planned to fish but could not bring himself to do it. With 100 gallons of fuel her range easily exceeds 300 miles. Lift kept - no bottom paint
