## Overview

---

**Price Reduced to \$164,499!The Regal Commodore 4260 is no ordinary boat.**

We found that out as soon as we headed down the docks on the day of our sea trial. The dockmaster said the 4260 was at the end of the pier - a very long pier, at that. About half way there, we couldn't help but notice it: The 4260, with its distinctive two-tone custom hull option, stood out among the nondescript white boats that surrounded it. The 4260's sleek lines were crowned with a hardtop, supported by a reverse arch. The look was elegant and distinctive. The 4260 is the largest boat Regal has ever built, and the company has put considerably more than bulk within the boat's dimensions. There is a level of craftsmanship and luxury amenities that is over and above what you expect to find from even this quality builder. For example, one of the first things you'll notice as you approach the boat is the substantial windshield frame. Its stainless steel components are nearly double the size of those found on other boats. There's a reason for this, as we would soon see.

## Basic Information

---

**Category:** Cruiser

**Model Year:** 2003

**Year Built:** 2003

**Country:** United States

## Dimensions

---

**LOA:** 42' 0" (12.80m)

**Beam:** 14' 0" (4.27m)

**Max Draft:** 2' 11" (0.89m)

**Clearance:** 10' 7" (3.23m)

**MFG Length:** 44' 7" (13.59m)
