Model: 6V92TA

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

Sweet Maureen features the popular 3 stateroom/ 3 head layout. Enter the salon from the aft deck through wide opening double teak doors. This area has a very comfortable large leather couch to port and two leather chairs to starboard to relax and watch the Toshiba Flat screen TV on the forward bulkhead just above the rich granite topped entertainment console. A service wet bar is to starboard forward. The updated galley and formal pilothouse are forward of this area. If you have food or drinks in your hand, it is an easy walk up to the flybridge thanks to the staircase to starboard. Below, the forward V-Berth area is noticeably usable and large and features a separate work desk area and a private head. The VIP Mid-cabin can be mistaken for another master with a large walk-around queen, ample closets, desk area, and large private head. The totally private master is accessed by a staircase aft from the salon and features the usual walk-around queen, desk, settee, tons of closet space, and a head with a tub. Just outside your master door is a brand new household size washer/dryer and direct access to the walk-in stand-up engine room.

Galley
