ПОДРОБНОЕ ОПИСАНИЕ

Walk Through

Maritimo Yachts are unique to the market place. The only 48 Sedan built with a fully enclosed, air conditioned bridge! This three stateroom, two head yacht provides excellent accommodation and the inside stairwell to the fully enclosed bridge is unique to the Maritimo Yachts. This Australian built yacht features an extra wide beam, recessed side decks, tri-fold glass cockpit doors, and a HUGE lazarette.

Her main salon is surrounded with large windows and the aft positioned galley is perfect for onboard entertaining. The galley is equipped with full size refrigerator with separate freezer, convection/microwave, 4-burner stove and a dishwasher. The floor to ceiling pantry is another unique feature in the galley. Corian countertops and rich, high gloss teak cabinetry finish off the galley area.

The stairwell inside leads to the fully enclosed bridge and helm station. Twin captain's chairs provide excellent comfort and visibility at the helm. Through the glass door is a large balcony area known as the "Juliette" deck. Plenty of room for chairs and a table for enjoying this unique area.

The lower cockpit is protected by the extended bridge deck and features an electric grill, wet bar, sink, and a refrigerator/freezer box. Dual transom gates provide easy access from port or starboard. Conveniently located to port in the cockpit is a docking station with engine controls and bow and stern thruster controls. Natural teak decking and custom stainless steel handrails finish off the cockpit. The engine room is a boaters dream, Easy access around the Cummins diesels and easy access to shaft seals, genset and fuel filters make servicing your Maritimo a breeze. Because the engines are mid-ship, this leaves all the area below the cockpit sole as a huge Lazarette with tons of storage space.

This is a must see for any serious bluewater cruisers. Call today for your personalized showing.

Salon

- Large windows all around with blinds
- Head reducing solar film on windows and doors
- Inside stairwell to bridge
