## Overview

---

**This 40' J120 has spent her entire life in fresh water and has been stored inside every winter except for this last one. Equipped for both racing and fast cruising! This one will sell fast--don't miss an opportunity to own one of the most innovative yachts ever built!**

During her extensive refit in June of 2017, ALL electronics and systems were refreshed and replaced as needed. This retired racer is currently cruising The Great Lakes/New York and is heading south in time for the Annapolis boat show. She can easily re-enter racing with the addition of a couple lines. All clutches and fittings are in place for this option. This yacht has been upgraded with all LED lights inside and out, all new instrumentation, an upgraded expanded 12 volt electrical panel with a 5" color chart plotter at the Nav station and a 9" color chart plotter at the helm, both are wired to communicate with the VHF radio to receive AIS targets. The Standard Horizon VHF has a remote at the helm. This racer/cruiser has hot and cold pressure water, an integrated wash down, cockpit shower, and full head and galley. This is a turn-key updated yacht, it needs nothing and is ready to be sailed now!

Carbon mast and sprit on this boat are a **\$70,000 upgrade**, and the rudder bearings have been replaced, making her track perfectly. Owner has owned many boats and says that this is the most fun he's ever had sailing!

### Equipment List:

- Raymarine i50/60 Instruments (New June 2017)
- Raymarine p70s autopilot (New June 2017)
- Garmin 9" chartplotter at helm and 5" at nav station (New June 2017)

#### Broker's Notes

This is a rare opportunity to own a stellar racing boat with a brilliant track record. Whether you want to cruise or race or both, this boat will allow you to do it in style. Be sure to check out the sail inventory!

Boat is currently heading down the US East Coast and can be viewed at various stops. Owner is aboard and can show her. Showings can be lined up during the 2017 Annapolis Sailboat Show Oct 5-12.
