SPECIFICATIONS

Overview

LOWEST PRICED DIESEL! SELLER MOTIVATED! VERY CLEAN VESSEL! The Regal 35 Sport Coupe is a luxury-class cruiser and is made even more desirable by having the Volvo DIESEL engines with joystick control. The single-level cockpit features a full-width sliding hardtop and the **optional dedicated air conditioner** with reverse-cycle heat. There is plenty of seating in the cockpit area, great visibility from the fully equipped helm and a convertible aft seat that opens up to create a large sun pad. The Volvo Joystick makes docking a breeze and the engine package delivers a peppy but efficient ride. Also, the Volvo Stern Drives allow you to navigate in very skinny water! A walk-thru windshield provides easy access to the foredeck.

The open interior of the 35 Sport Coupe features an L-shaped sofa in the main salon whose seatback lifts with an actuator to extend the forward berth, converting what first appears to be a mini-berth into a full queen-size bed. There are two loveseat sized sofas facing each other in the aft cabin and fillers converts the entire area into a large queen-sized berth. The full-service galley is to port with the head just aft of the galley. Kept on a lift, washed weekly and stored indoors each summer. She is a professionally maintained vessel and has been serviced annually. The boat has just been detailed in preparation for sale and for summer indoor storage.

Key Features Include:

Volvo Joystick Control

Diesel Generator

Dedicated Helm AC

Walk-Through Windshield

Garmin Plotter, Radar and VHF

Full Width Sunroof

Cabin and Bilge Freshly Detailed

DETAILED INFORMATION

Walkthrough

One can step aboard the 35 Sport Coupe from the large swim platform or via the non-skid steps on the gunwales that allows access from the sides of the cockpit. The cockpit features a unique layout with the aft lounge being convertible. The aft seat has a seatback that flips forward by way of a release mechanism that will latch the seat back into multiple positions. The first position accommodates cockpit seating, the second expands the sun pad and turns it into a chaise lounge, the third position has the seatback lying flat for an even more expansive sun pad. Forward to port, the aft section of the L shaped lounge opposite the helm area can also convert to forward or aft facing. The cockpit also features a removable side mount pedestal table with its own storage compartment and a cooler with a dedicated home in the portside bulkhead. There is a starboard side entertainment center with an electric grill, refrigerator, cockpit TV and wet bar with trash bin. The starboard side helm area has a console with full instrumentation, gauges and electronics. The extra wide helm seat adjusts fore and aft and has a flip up bolster. The joystick is conveniently located for ease of docking. The windshield is glass all the way up to the overhead hardtop and includes a walk through door to access the foredeck easily.

The cabin features a unique but easy method of maximizing the usable space with a large lounge, a portion of which converts with an actuator to form the full queen berth forward. The aft cabin offers two additional lounges which convert to a huge berth and has a TV mounted to the port bulkhead. Both sleeping areas have privacy curtains. Both the head, with electric toilet and shower and the galley, with recessed electric stove, microwave and refrigerator, are located to port.

Benefits of Ownership

This Regal 35 Sport Coupe is the ideal boat for someone buying their first large vessel. It is easy and fun to drive. Twin 220hp diesel engines provide the excitement of a ski boat and the comfort of a yacht with great fuel economy.

The Volvo joystick makes it easy and enjoyable to handle. The twin outdrives allow for carefree travel through skinny water and they raise to reduce draft for those hard to reach locations.

The two AC units with reverse cycle heat allow comfortable year round use, irrespective of the climate.

This vessel includes an amazing best in class sunroof. Just open the top and enjoy fresh air and unrestricted views. The walk through windshield makes access to the bow

and the windlass easy.

The Regal 35SC features an 11'4" beam and 12,900 pound dry weight. Therefore the boat can be trailered anywhere in the US economically; there is no need to use a chase car.

These are some of the many reasons to seriously consider this vessel for your enjoyment on the water.

Cockpit

The cockpit is very spacious, allowing for a number of guests to sit or lounge in the shade or in the sun.

- Sliding Hardtop Sunroof with New Belt Drive
- Walk Through Windshield
