ХАРАКТЕРИСТИКИ

Обзор

Good As Gold was a late production run, 2002 boat, that received the Cummins QSM engine package from Sea Ray. She has been maintained with an open checkbook and shows very well. Gel coat shines as she is professionally cleaned and waxed on a regular basis. Isinglass on bridge is new and in excellent condition. Sale of the vessel includes a 2017 Sea Doo Wave Runner. See maintenance list below, Good As Gold has been continually serviced and upgraded. She will not disappoint!

ПОДРОБНОЕ ОПИСАНИЕ

Construction

Sea Ray Boats are of conventional construction built with modified polyester resin and E-glass fiberglass cloth and mat. The hull of the 480 is cored and reinforced with a marine plywood stringer system encapsulated in fiberglass. The deck is also a fiberglass laminate with coring used to stiffen the fore deck and cockpit sole. The hull to deck joint is a "shoe box" style that is chemically and mechanically fastened together. The exterior finish is in a premium grade gel coat.

VESSEL WALKTHROUGH

From the cockpit, the salon is entered via a large sliding glass door on centerline. Upon entering the salon, you will find an L-shaped settee to port with two ottomans (original factory table is not aboard but is included with the sale), opposite on starboard are two barrel chairs with recessed flat panel TV mounted overhead. At the forward end of the salon area, a U-shaped galley is found to stbd while across on port is a dinette. The salon features beautiful cherry woodwork, wall to wall carpet and neutral toned fabrics. Large windows surround the space providing plenty of natural light and panoramic views.

There are three staterooms and two heads found in the bow area. Moving forward from the salon and descending three step is the stateroom passageway. The first stateroom is on stbd and features an L-shaped settee that will sleep two or makes a nice den area for reading or relaxing away from the salon. (It should be noted that the hide-away washer/dryer is located in this SR). Moving forward, the second stateroom is found to port and features a island marine queen and private access to the guest head, which is at the forward end of the stateroom. This guest head has a stall shower and separate access from the passageway for guests staying in the other stateroom. The master stateroom is located in the bow and features a pedestal island marine queen berth, two hanging lockers and access to the private master head. The master head does offer a stall shower with rotating acrylic shower door.
