SPECIFICATIONS

Overview

the stunning 49.3 Metre Superyacht VOLPINI (ex Larissa). Built by renowned Dutch Superyacht builder AMELS in 2004 and completely refitted at the same yard in 2014. VOLPINI is an outstanding vessel, built to the highest standard at one of the worlds most recognised shipyards.

Superyacht VOLPINI features a luxurious and elegant interior offering spacious entertaining and socialising areas thanks to her Donald Starkey design both inside and out.

VOLPINI accommodates up to 12 guests across 5 cabins. Her main deck master cabin boasts a large en-suite marble bathroom, his and hers walk in dressing rooms, private office and direct access to the owners private deck area. Below deck are a further two twin cabin and two double guest cabins along with an additional two Pullman berths (one in each twin cabin).

VOLPINI accommodates up to 12 crew across a private captains cabin and five further crew cabins.

VOLPINI is powered by twin MTU 12V 2000 M70 engines which propel her to a maximum speed of 14.3 knots and a comfortable cruising speed of 12 knots. With a range of 4000 nautical miles at cruising speed she is a truly transatlantic vessel.

VOPINI benefits from an extensive 2014 Refit at AMELS Shipyard in Holland. The 2014 refit at Amels included a 10 Year Lloyds survey, full exterior re-paint (hull and superstructure), interior refresh, machinery, AV/IT and electronics upgrades. Back on the market following an extensive yard period which saw her main engines replaced as well as generator over haul and copious other items available upon request. Now with a full main engine warranty from MTU this is a unique opportunity to acquire a premium vessel in true turn key condition. Class and Flag approved and ready to go.
