# DETAILED INFORMATION

---

## Overview

---

**4 Stateroom/3 Head layout plus crew. Twin MAN's @1,000 hp each. 400 hour service just completed. Full warranty until Dec, 2017.**

Built to US specs, AKRASIA offers the same basic layout as the larger 75 Yacht while keeping it more user friendly for the owner operator.

Stepping aboard the 65 onto the teak swim platform, you easily access the aft deck via dual stairways. There is a comfortable al fresco dining area with bench seating and a pedestal, high gloss finished teak table. A stairway leads to the fly bridge or walk to the foredeck via side decks with non-skid finish. The foredeck sunpad with folding back rest awaits the sun worshippers.

Enter the salon through the sliding glass door to the cozy atmosphere of comfortable neutral toned settees, a hi/lo TV, and large dinette opposite the helm offering a fine observation area while underway. There is a full on-deck galley just aft of the helm station, allowing the cook to be part of the party.

Below deck are 4 well-appointed cabins. The master is full beam with a centerline queen berth, ample storage areas, a settee and en suite head with shower

Fully forward is the VIP cabin with all the amenities of the master plus a private head with shower.

The starboard guest cabin features twin berths, a hanging locker and an en suite head and shower that also doubles as a day head as well as being shared by the port guest cabin. The port cabin has over/under berths, perfect for younger guests or the young at heart guests!

Aft, with entry from the transom, is the crew quarters which features twin berths and an en suite head and shower. This can also provide the owner operator with an additional guest cabin.

Take the aft deck stairway to the fly bridge. This is truly one of the best bridge layouts for any vessel in her class and is equipped with a large Hard-Top. There are two U-settees. There is also a high gloss table for al-fresco dining. The wet bar is equipped with refrigerator, ice maker and electric grill for easy entertaining.

The well-equipped upper helm boasts dual helm seats with bolsters, (2X) Simrad touch screen plotters, all the latest in navigational equipment including Radar, GPS, Chart Plotters and bow & stern thruster as well as cameras accessible through the Simrad Screens.

Whether taking an Intracoastal cruise or making your way through the Bahamas, this 65 Manhattan has the functionality to get you there in comfort and her modern finishes will make a statement wherever you cruise.

---
