DETAILED INFORMATION

Special Purpose

The Special Purpose - Emergency Medical Transport features an elongated full cabin (optional climate controlled), actuated drop bow, opening face door and secure benches for two patients in full stokes litters. This configuration allows for stokes litters be removed safely from the water and out of the elements, as well as off the bow of the boat and into a waiting ambulance. The bow design, wide swinging cabin door, ample front deck space and abundant storage also make it an excellent choice for dive ops. It is a powerful vessel that gets the job done when the stakes are high. The EMT is currently available in a 31-foot platform.
