Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Accommodations

Ella Clare's layout allows for roomy oversized staterooms starting with VIP forward, twin guest to starboard forward, twin guest to starboard aft and a full beam master amidships. The VIP is one of the most spacious that you will find on a yacht of this style and size. Finished in semi-gloss cherry it features a centreline queen berth, ensuite head and shower, entertainment center, climate controls, shoji screens and excellent storage. The guest stateroom to starboard features twin berths, ensuite head, entertainment, climate control and is also finished with a semi-gloss wood finish. The master stateroom amidships features an oversized forward facing King berth with custom innerspring mattress, a large cedar lined walk-in closet, vanity, oversized port windows to filter natural light and an exceptional his and hers head and bath. Access to the beautifully appointed head is from both port and starboard and features Golden Oak granite countertops, mirrored ceilings and a central tub and shower. The fourth guest stateroom is located starboard side aft of the main salon and is accessed by its own internal stairway from the main salon. Finished in maple, it mirrors the forward guest stateroom in appointment with twin beds, TV and entertainment center, separate head and shower. The crew quarters are located on the port across from the fourth stateroom and have two over under single berths. Laundry facilities are located here also as well as a refrigerator/freezer, ice-maker, microwave and sink.

Salon

The main entrance to the salon is from the aft deck through a large Trend stainless steel framed sliding glass door. The aft bulkhead is essentially all glass which effectively brings the outside in to be part of the salon. There is a full size sliding screen door allowing excellent natural ventilation when desired. The salon is noticeably spacious, open and inviting; offering a delightful area for entertaining or just quiet relaxation. There is exceptional seating, combined with large open spaces making this a casual atmosphere. The cabinetry is not only magnificent, but ideally configured. The ceiling is upholstered in beige panels and has recessed lighting. Within the port side cabinetry is the pop up Plasma television, entertainment equipment and forward is a U-Line ice maker and small settee. Along the starboard side aft a built-in with a wine cooler below and just above storage for glasses. The glasses are all fitted into Plexiglas frames so they are secure. Subtle lighting illuminates this cabinet for a great visual effect at night. Forward a large L- shaped light brown leather upholstered settee with a custom coffee tables adjacent. Hidden under the coffee table are matching ottoman stools. Aft on the port side are the stairs to the fourth guest stateroom, crew quarters and engine room.

Galley

The superb galley is located forward of the salon on the starboard side and is fitted with high quality appointments. The design provides the galley with the option of being a socializing country kitchen style or a separate gourmet galley. It is separated from the dining area with a counter and cabinets, but remains an open environment allowing for a casual dining experience. The granite counters are large and surround the galley and the most demanding chef will be delighted. The flooring in the galley and dining area is traditional teak and holly. There is very easy deck access from either port or starboard via pantograph doors which, when opened, lays flat against the deckhouse side.

EQUIPMENT:

- GE Profile Ceran 4-Burner Cook Top
- GE Full Size Under Counter Oven
- GE Spacemaker Microwave Oven w/ Exhaust Fan & Work Light
- Sub Zero Fridge w/ 2 Freezer Drawers
- GE Triton XL Dishwasher
- Broan Trash Compactor
- Double Stainless Steel Sinks w/ Disposal
- Assorted Cherry Front Storage Doors & Cabinets
- Under Cabinet Mounted Color TV
- Icom VHF Radio

Dining Area

Located forward of the galley is the very comfortable U- Shaped dining area upholstered in tan leather. For additional seating there are two tall ottoman stools which can be used either at the dining table or optionally with the galley counter. The magnificent burl top table slides in and out, as well as rotates, providing easy seating access. There is substantial storage both under the dinette and forward. Unusually flexible and not typically found in a yacht of this size is the variety of intimate to delightfully casual family style dining options that are possible: the forward dinette, galley counter, salon, aft deck and the flying bridge.

Day Head

Conveniently located on the main deck, the day head is opposite the galley and immediately forward to the salon. It is beautifully finished and utilizes the same black granite counter top as the galley together with high end cabinetry.

Aft Deck

Perfect for entertaining or dining. The starboard side built-in cabinetry houses a wet bar and a U-Line fridge. The large center line bench style seating combined with the pedestal teak table and four teak deck chairs will seat six comfortably. On the port side is a large gently curved stairway leading to the flying bridge. The deck is teak and the entire area is sheltered by the flybridge overhang. On either side of the lounge are steps which provide very easy access to the integral swim platform. On the port side hidden by a door is the aft deck helm station with engine and thruster controls.

Foredeck

The vessel has walk around side decks affording easy access. The fore deck doubles as a working area and a sun lounge. Built-in forward is a double seat. The top of the trunk cabin has a recessed sun pad well that essentially covers the majority of the deck area. An athwartship built-in locker has access from either side of the deck and provides exceptional storage for maintenance supplies. Forward is the anchor winch, polished stainless steel mooring cleats and a good sized hatch accessing the chain locker.

Flybridge

Access to the flybridge is either from the galley forward or the moulded in stairwell from the aft deck. The flybridge is expansive with plentiful seating, a well laid out and well equipped helm position and an external galley with two Miele electric grills, refrigerator, icemaker and sink. The large L-shaped settee with teak dining table is the perfect spot to dine, relax and take in the view. The boat deck is aft and carries a 15-foot tender with a low profile davit. There are removable rails to allow this area to be used as an entertaining area when the dinghy is not present.

Electronics & Navigation

- 2 Furuno 15" Color Monitors
- Furuno Radar 1964 CBB 25 Kw / 72 NM
