Holding Tank: 55 Gallons

Fuel Capacity: 330 Gallons

Accommodations

Total Cabins: 2

Total Heads: 2

Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Cummins

Model: 5.9L - 6BTA

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Vessel Walkthrough

"One Mo Time" is a perfect example of how a yacht can be both beautiful and functional. Her interior layout features two huge staterooms that are separated by the salon and galley, creating a very private layout for two couples on an extended getaway. Rich cherry wood cabinetry, designer fabrics and high quality carpet highlight her spacious interior.

Forward is the VIP stateroom, which truly has the amenities and space of most master staterooms. It features a centerline double berth, hanging lockers, storage cabinet, TV/DVD Combo and private entry to a full-size head. The forward head has a separate stall shower, sink, vanity with mirror and a VacuFlush toilet.

The galley is just aft and to port with large Karadon solid surface countertops and ample storage. She has a large refrigerator with separate freezer, microwave, flush mount cooktop and large sink. Under the steps and aft to the salon is a large "basement" which houses the Splendide combomatic washer/dryer.

The salon is very spacious and is surrounded by full-length side windows that provide plenty of natural lighting. To starboard is an L-shaped settee with storage beneath and a beautiful cherry hi/lo table. To port is a long settee with (2) incliners. The entertainment center is aft with a large flat screen TV and surround audio system. Next to the entertainment system is a full-size master distribution panel. Beneath the salon floor is a large engine access hatch, which leads to a very well laid out engine room. Central vacuum system included.

The master stateroom entry is to port and aft of the salon and down a few steps. There is a well-designed walk around queen berth athwartships, two hanging lockers, storage lockers, and TV. Another great feature is that there's a separate shower and head entrance, separated by a vanity with a sink, mirror and storage between the two compartments.

Moving up to the Flybridge, the seating layout features a centerline helm seat with excellent visibility. There is a companion seat to port and a large wraparound seating area to starboard and aft of the helm. Plenty of room for 7 or 8 of your closest friends. There's also a refrigerator to keep the drinks cool on a cruise!

The aft deck has a full-length seat and there's a wet bar with sink, storage cabinet and even an icemaker next to the companionway door to the salon. One will also notice the Plexiglas wing doors for entry onto the wide side decks and protection from the elements, when necessary. The wide side decks provide safety and ease of line handling, another great design feature of the 408 Motor Yacht.

"One Mo Time" has just about everything one would find in vessels twice her size.

Salon

- Two-tier integrated window system with blinds
- Cherry table, high/low
- (2) End tables with storage drawers
- Storage cabinets
- Overhead courtesy lights
- 110v outlet, ground fault protected
