# DETAILED INFORMATION

---

## Overview

---

MAG III, built as LADY SHEILA, was delivered in 2009 as Hull # 11 of 19 in the series of Benetti Visions. MAG III has a stunning interior with the finest of wood and marble combination throughout. She was built with unsurpassed supervision by a project manager who has built several Benetti Visions and has 16 Benetti build projects to his name. She is in likenew condition, well maintained and lightly used. MAG III's stunning main salon has two sitting areas. The aft area where one would enter from the aft deck has a beautiful custom-built bar larger and more accommodating than the original bar. The bar is made of Zebrano Wood with a petrified wood bar top and unlimited color variation LED illumination. The main salon has a custom Guinea solid Queen Macassar Ebony & African Anigre partition with bookshelves which is closed on the bottom and open on the top. This allows for separate seating areas keeping the aft with a slightly more formal feel and the forward "Library" with a cozy sitting area. All of the furnishings throughout are made of the best fabrics, materials and design. The starboard main formal entrance leads one into a beautiful foyer where one will find an elevator and stairs that go up to the skylounge and down to the lower accommodations. Forward of the foyer one will pass the main deck day head to starboard; continuing forward one will reach the master stateroom by going through the master study which has a desk with two chairs and wardrobe. In this area, one will find the private coffee bar and fridge. The full beam master stateroom is very spacious with an impressive 270-degree circular view, his and her baths and ample closets and storage space. From the master one can go forward through a private door to the master private veranda. From the main deck foyer, one may go below either by elevator or stairs to reach the four guest cabin accommodations. The guest cabins are made up of two VIPs with queens and two doubles with two twins, each with Pullman. All guest staterooms are appointed with beautiful woodwork, a light and airy décor, hand-selected marble with ample closets and storage space. Presently the starboard twin guest is made up as a gym. All woodwork to convert the present gym back to the starboard twin cabin has been stored with meticulous care and can be easily reinstalled. When going up the elevator or the stairs, one will arrive at the upper level where the upper day toilet is found. This area gives you access to the bridge. Aft is the stylish and comfortable skylounge with a solid Queen Macassar Ebony & Anigre wood horseshoe bar with unlimited color changing LED Lights that coordinate with the main salon bar lights. On the forward bulkhead, there is a discreet pocket door that leads to a pantry on the upper deck level with stairs leading down to a lower pantry and galley, which makes for ease of servicing the skylounge or dining area. To starboard, the skylounge is a generous but cozy sitting area where one can visit or watch one of the 3,000 movies aboard. The spectacular dining room adjoins the skylounge with a circular room with 270-degree views and wraps around glass doors that open to give the area the feeling of being outside or closed for inclement conditions. Within the dining area,

there is a beautiful round custom Queen Macassar Ebony dining room table with a lazy susan that seats ten people. There are two custom solid Queen Macassar Ebony sideboards with three drawer storage for silverware and serving utensils. MAG III's aft deck is spacious and features xed seating, two chairs and a large teak table for al fresco dining. There are stairs from the aft deck leading to the upper deck as well as the swim platform with easy access to the water. Her sundeck is impressive with a Jacuzzi that is surrounded by teak decking and loungers, a casual seating area and table. Further forward one will find amidships a dining table and forward of that a bar with three stools. All the way forward is a forward facing semi-circle seating area with table and additional chairs, perfect for viewing the sights while cruising into your favorite port. Steps from the main deck aft lead down to the swim platform where one will find a garage door which opens down to make for a wonderful area to stage all water toy activity and swimming. When the toys are out of the garage the area becomes a beach club. This proves to be the perfect place to pick up and drop off guests by tender with ease. \*Not for sale to US residents while in US waters

---

## Accommodations

---

- Master
- (2) VIP
- (2) Twin guest cabins with Pullman (presently one twin has been converted to the gym and converts back easily)
- Elevator accessing three decks
