Hull and Deck Information

Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Yamaha

Model: 300 Four Stroke

Engine Type: Outboard

Fuel Type: Gas/Petrol

DETAILED INFORMATION

Vessel Description

Building on the breakthrough hull platform recently introduced on our revolutionary 327 Center Console, this cuddy tops it off with an array of innovative design features that include luxurious new seating arrangements and an ingeniously redesigned interior.

The dual vented aft keel, elevated freeboard, wider chines and increased running surface are designed to support a heavier twin power package while maintaining fuel efficiency. The sleek, head-turning sheer line mirrors the contemporary hull design. The spacious new cabin design includes customer-friendly innovations, like integrated overhead storage units on both the port and starboard sides that stow gear and eliminate clutter, additional cabinetry and space for endless customizations, like an optional refrigerator. The forward v-berth features new fold-away settee cushions that convert it from a roomy wraparound lounge to luxurious overnight accommodations.

Topside, a luxurious new seating arrangement features a more comfortable angle to backrests and an aft-facing starboard side seat. The L-shaped forward seating wraps the forward bulkhead with a new backrest that allows passengers to lounge facing fore or aft – all within reach of a popular console cooler. Another Intrepid design change includes removing the head from the cabin and combining it with a roomy shower and sink, hidden within the center console.
