## Overview

---

This vessel is a great vessel for a cruise around the lake or a weekend in a cove. She had her engine replaced in 2009 and runs great. She is in good condition and has been well maintained including new bottom paint in 2016. This inboard/outboard cruiser is 26 feet long and weighs 5500 (pounds dry). This weight does not account for passengers, fuel, or gear. The beam of this craft is 109 inches. The cockpit area has plenty of seating and storage and the cabin is surprisingly roomy for this size of a boat due to the wider beam. The trailer is a 2007, Aluminum and is in good condition.
