SPECIFICATIONS

Overview

ELLISIUM'S Italian interior features a blend of light and dark woods complemented by elegant furniture. The spacious salon is flooded with abundant natural light and has an L-shaped settee with a coffee table and a formal dining table. This Canados 86 showcases a modern exterior design. Her hull shape offers stability and high performance. Her decks are ideally suited for alfresco living and provide ample space for guests to relax and socialize. The expansive flybridge is the ultimate space for relaxation while taking in the views; it features a large dining table with a retractable Bimini. On the aft side of the flybridge guests can enjoy the open area for sunbathing on the sun loungers free of any tenders or toys. ELLISIUM's aft deck boasts a shaded dining area for up to eight guests. ELLISIUM accommodates nine guests in four staterooms, all of which are located on the lower deck. The full-beam master offers a walk-in closet and en-suite bathroom. The following three guest staterooms comprise a VIP and two twins. All staterooms aboard ELLISIUM are outfitted with en-suite facilities. The crew area is located via stairs on foredeck; the captain's cabin with a single bed is found starboard. Additional crew cabins are located on port side with two bunk beds each. ELLISIUM is powered by twin Caterpillar C32 Acert engines, enabling top speeds of 32 knots and cruising speed of 28 knots.
