SPECIFICATIONS

Overview

ODYSSEY is a very special Offshore 62'. She is the only extended-cockpit 62' ever built (adds 50+ extra square feet to cockpit), and if serious cruising comfort, entertaining, and having fun rank high on your priorities, this yacht is a must see. The cockpit, with built-in settee for dining, a BBQ, and a custom awning, puts her on the same footing with the features of much larger yachts. Her owners were very thoughtful and detailed when they built her. This is an extremely well cared for yacht and has had a full-time captain. 3 Staterooms / 2.5 heads / 2 Stairwell layout Here are some highlights from her extensive equipment list: ASEA converter (for US or European shore power capability) Maretron monitoring system Inmarsat broadband FLIR camera ABT 25hp hydraulic bow and stern thrusters ABT stabilizer system LED lighting throughout (4) Stidd helm chairs Drawer type refrigeration GOST security system Full size 220v Miele washer & dryer (2.5) Heads (2 ensuite heads with shower and head in bunk cabin)
