Hull Material: Fiberglass

Engine Information

Engines: 2

Manufacturer: Caterpillar

Model: C12

Engine Type: Inboard

Fuel Type: Diesel

DETAILED INFORMATION

Manufacturer Provided Description

Embarking on the development of an entirely new style of boat is one of the most challenging and exciting projects we've undertaken in recent times. The inspiration for our new style – the Sport Yacht – came from recognizing the changing values and lifestyles of, not just boat owners, but people everywhere? changes reflected in such domains as contemporary architecture, interior design, and the styling of prestige cars. Although luxury is as desirable as ever, the trend globally is towards less formality. Such was the thinking behind the design of our first Sport Yacht, the 3600. We have taken all this one step further with a significantly larger and even more refined model: the Riviera 4700 Sport Yacht. It appears our thinking was correct – enthusiasm for this Riviera 4700 Sport Yacht has exceeded all expectations. The clean lines, the bright, contemporary interior, the modern materials, the emphasis on easy entertaining, the solid feel and handling together with the spirited performance, are among the many qualities that made this one of our most successful new model launches.

Salon/Galley

- **Air conditioning: reverse cycle heat to salon/galley with helm outlets and windscreen outlets**
- **Flooring in high quality Amtico**
- **Galley - built in overhead storage lockers with positive locking hardware**
