## Overview

---

New to market please find "Singularis" a 2009 60 Hatteras GT. Having being involved in this build since new, you'll find none other as extensively equipped as her. This vessel has cruised and fished though out the east coast and far reaches of the Caribbean, which is evident by her current engine hours. There is an additional CAT extended warranty remaining until September 2018. Owner has held this boat with open check book and is a true value. Priced aggressively, she will not last! Act now for a rare chance to get a relatively late model Hatteras 60 GT at a great price for all that is given!
