SPECIFICATIONS

Overview

This Rinker 312 Fiesta Vee has it all, a great looking boat that also performs. With a top speed of 44 mph, she is quick to plane and smooth riding. Her cockpit and cabin design features plenty of seating and sleeping space, making her a very versatile boat. Add the large swim platform with a walk through transom, and this is a great boat across the board. Whether taking the family out for a day of fun on the water, enjoying an evening cruise with friends or taking an extended trip; the Fiesta Vee delivers! Call us for a showing, make an offer and get out on the water aboard this Fantastic Boat!!!

Total Heads: 1

Hull and Deck Information

Hull Material: Fiberglass

Hull Configuration: Modified V-Hull

Engine Information

Engines: 2

Manufacturer: Mercury

Model: MCM 5.0L MPI

Engine Type: Inboard

Fuel Type: Gas

DETAILED INFORMATION

Rinker 312 Fiesta Vee - Walk Through

Swim Platform: The swim platform is oversized and perfect for water sport activities. A stainless steel, stowable swim ladder makes it easy to climb aboard after a swim, ski or inner-tube ride! Also accessible from the swim platform is the integrated stern fender storage panel; which provides a convenient and easily accessible place to stow your fenders when underway. Cockpit: Entering the cockpit from the swim platform, via a walk-through transom, you immediately find to starboard a hot/cold fresh water deck shower, stereo controls and the battery switch panel. Directly ahead is the wet bar, featuring a sink, refrigerator, stowable built-in blender and an integrated trash receptacle. To port is a seating area spanning the stern of the boat with a stowable cocktail table. On board filler cushions transform this space into a sun pad in minutes. Moving forward amidships a second large semi-circular seating area is found to port and the helm, with double wide, bolstered seating is found to starboard. The below-decks companionway is located on the forward cockpit bulkhead, center, next to molded-in steps leading to the foredeck via walk-through windshield. The helm features all the electronics and instrumentation needed to safely navigate the boat, plus remote controls for the trim tabs, search light, anchor windless and stereo. A radar arch with 9' clearance, housing stereo speakers & lighting, crosses the boat above the helm and forward seating area. Throughout the cockpit you will find Sony stereo speakers, cup holders, storage compartments floor lighting and outdoor carpeting. Foredeck: The foredeck, surrounded by stainless steel railing, features a large sunbathing area. An anchor locker is located at the bow containing an electric windless. The anchor is secured in a bow mount and a spot light is mounted on the forward bow rail. Salon: With 6'5" of headroom the salon is large and roomy. The area is richly appointed with leather seating, high gloss wooden cabinetry, Sony stereo system, indirect lighting, and reverse cycle air conditioning. Entering the salon from the cockpit down 3 steps, the head is to starboard, with an entertainment center and locker to port. Moving forward the starboard-side galley features a refrigerator, 2 burner ceramic cook top, stainless steel sink, pull-out cutting board and generous storage cabinets. Also located in the galley area is the electric control panel. A seating area with table is located to port, along with stereo and AC controls. This area can be converted into a single berth. Forward Cabin: A large 2-person V-Birth is located forward of the seating area and galley, which can be closed off via a privacy curtain. Aft Cabin: A large 2-person berth is located aft of the salon that can be closed off via a privacy curtain. Head: The head features a sink and electric toilet and is curtained for a shower. Engine Compartment: A motorized hatch raises the stern seating section to reveal the engine compartment. Twin MerCruiser engines, a 5 KW Kohler generator, battery banks, tankage and the related mechanical systems are all located here.
