DETAILED INFORMATION

Overview

KAHUNA is a well maintained and properly equipped 2007 45 Viking Convertible. She features 900 hp MAN common rail diesel engines with 1250 original hours. This is a one owner boat that has spent her entire life in the Northeast.

Winter 2018 upgrades include; New 3-sided enclosure, bottom paint with Prop-speed, complete interior / exterior detail including steam cleaning of the carpets and runners, and engine room detail.

All engine service up to date with documentation.

Vessel Walkthrough

KAHUNA consists of a spacious salon, two staterooms and two heads. Interior access is gained through the salon sliding door. The salon features an "L" shaped sofa with rod storage below. Immediately opposite the salon sofa is a lower set of cabinets which house the vessel's electrical distribution panel and AV entertainment equipment. Continuing forward and to port is the dinette area featuring upholstered seating for four adults. A high gloss teak table as well as additional storage below the seating provide further functionality to the dinette area. Directly opposite the dinette is the galley. The galley features (two) drawer-style Subzero refrigeration units as well as (two) drawer-style Subzero freezer units (one unit houses an icemaker as well).

Proceeding forward of the galley and down three steps is a guest stateroom to port with private access to the guest head.

The master stateroom is forward and has its own private head.

The interior of KAHUNA includes high gloss teak woodwork throughout, upgraded carpeting, Amtico Teak and Holly flooring at salon entrance, galley and both the guest head and master head.

The engineers at Viking Yachts have done an excellent job maximizes storage space on the 45; the galley cabinets feature HD roll-out drawers allowing an impressive amount of storage space for long range cruising or entertaining. The lower berth in the guest stateroom and the master berth in the master stateroom provide an impressive amount of storage space below the berths via a hinged access panel.
