13. COMMENTS

HANA is hull No. 2 of the popular CRN 43m series, launched in July 2008. Designed with a light, modern interior for a family of experienced yacht owners and supervised carefully throughout her construction by an experienced Project Manager, she remains in the same original ownership and is run extremely professionally to a high commercial standard. A popular charter yacht, she generates a very constant income for her Owners and never struggles to fill her calendar. Offered now to the market, she represents a great opportunity for a Buyer looking for a well-maintained yacht that largely pays her way on the charter market.
