SPECIFICATIONS

Overview

The highly exclusive Fast Support Vessel 6711, delivered in 2014, was engineered and built by Damen shipyard with Imperial acting as Owner's Representative and Build supervisor throughout the whole process. Managed by Imperial since her launch and exclusively for sale under our CA, Fast Support Vessel 6711 is the pure expression of luxury at sea and the perfect example of the 5-stars, precise management requested on board yacht support of this type. Designed to fulfil any immediate needs when escorting a luxury vessel, her sweeping lines and imposing profile are an expression of purposefulness and speed – and clear indications of her military pedigree. With her bold, angular contours, Fast Support Vessel 6711 exudes strength and dominance. Cruising at 13.5 knots with a top speed of 21 knots thanks to four massive diesel MTU 16V 4000 M63L engines, each with an output of 2240kW (equivalent to 3046hp); meeting military demands in efficiency and precision, with advanced equipment and technology on board, the Fast Support Vessel 6711 is designed to accommodate a wide array of recreational vessels and equipment – she can be outfitted for speed boats and jet skis, scuba gear (with decompression chamber built-in), she was constructed with an extensive dive area designed specifically for scuba diving expeditions, and she can even accommodate a submarine and large helicopter if desired: space is built for it! Should we summarize Support Vessel 6711 in one sentence: Form follows function. As strictly purpose-built as she is, the Fast Support Vessel 6711 is aesthetically appealing from every angle. Her interior, designed by Damen, embodies efficiency down the smallest detail. At the same time, the living quarters, mess and training room for the crew, fitted by the award-winning Mark Berryman, offer outstanding comfort and entertainment features. Among her main amenities on board, we can highlight the dive centre featuring a decompression chamber, the incredible inside storage spaces to fit a very large numbers of toys and her precise rooming, including 13 en-suite various type of crew cabins, designed with elegance and functionality in the general layout. High on the waters, Fast Support Vessel 6711's bridge is the best place to have the 360° comprehensive view on the yacht operating: with state-of-the-art navigation equipment including a Helicopter Monitoring System maintained to the highest standards, the superyacht is ready to face any operation, by any condition. Trained to military standards, the crew composed of 22 highly experienced professionals have the skills and knowledge to ensure safe, secure and convenient operation of the on-board water toys as well as the escorted yacht and passengers. Her superior speed, range and manoeuvrability enable her to perform tasks with exceptional efficiency. Rest assured: the Fast Support Vessel 6711 has the power, efficiency and versatility to see to all your needs and wishes while escorting you. So you fully relax and enjoy an unforgettable yachting experience.
