Fuel Type: Gas/Petrol

DETAILED INFORMATION

Vessel Description

If you're looking for an offshore performance boat, the 33 Lightning is the perfect choice. It's got a top speed in excess of 82 mph with stock MerCruiser power that can be warranted for up to five years.

Because it's a Fountain, you know that you are getting the best designed, and fastest most efficient boat of its kind. Its exceptional performance in calm or rough seas make it ideal for a family to try its luck in the local poker run or just have a great time blasting around their favorite bay or lake.

Because it's built to Fountain standards, the 33 Lightning has rock-solid construction and top-shelf rigging.

Standard equipment includes heavy-duty trim tabs, hydraulic steering and Livorsi instruments and controls, everything you'd expect on a serious offshore performance boat. For comfort, it has two stand-up bolsters with power dropout cushions and three bucket seats, and everyone on board is protected behind the wraparound windshield.

There's convenient storage in gunwale lockers. In the cabin, the 33 Lightning features an innovative one-of-a-kind two-position lounge that extends the V-berth length, making it easy for a couple to overnight comfortably.

Exclusions

Owner's personal belongings.
